

Aransas County with partners Aransas First Land Trust and Aransas County Pathways project recently acquired 900 acres known as Comapano Bay Project for preservation.

Highlights of the project

Mostly wetlands with other features

Located just east of Cape Valero

Buildings include a Barn and partially finished home

Future Visit Invitation

We look forward to welcoming you and your team to the Comapano Bay Project site in the near future to experience this unique habitat firsthand.

Please let us know your availability in the coming months, and we will coordinate a site visit and tour with representatives from Aransas First Land Trust and the Aransas County Pathways project.

Proposed Activities for a Future Visit:

- **Guided Tour:** Walk-through of the diverse wetland areas and other landscape features.
- **Discussion:** Overview of the long-term preservation and restoration goals for the 900-acre site.
- **Infrastructure Review:** Assessment of the existing barn and partially finished home for future use possibilities (e.g., educational center, research outpost).
